HELLO, I AM

# Yashdeep Zala

## Digital Marketer and Entrepreneur

I build brands through marketing, content and creativity. I run Locaura Media, manage marketing at Jewel Anodizing Works, create content as an influencer, report the news and act on the side.

## About Me

I am a digital marketer and young entrepreneur. I founded Locaura Media, manage marketing at Jewel Anodizing Works, and I am currently studying the BBA DBE programme at IIM Bangalore.

I have loved creating content in every kind of niche, long before Locaura existed, from general content and funny skits to food and travel vlogs. Locaura exists because of that love. Alongside it, I work as a district reporter for the Indian Press Union and as a part-time actor.
